

Handwash Stations

Our handwash station has a sleek free standing design to help toilet areas stay looking fresh and modern. They're compact enough to fit into most portable toilets and have been built with useful features that came highly suggested!

A sealed fresh water tank where chlorine can be added ensures any bacteria is killed, and the addition of handles either side make them easy to transport, lift and install.

Features

- Lightweight and durable
- Sleek free standing design
- Can fit most portable toilets
- Easy to transport, lift and install

- Christmas Markets
- Community & Sporting Events

Steph – Alzheimer's Society

"Get Loos provided us with portable toilets for several of our events this Autumn when we were struggling to find a suitable supplier.

They were able to quote within our budget which was fantastic. They are a friendly, prompt and informative team, thank you very much for your service!"

What you can expect from us
